

## **377** **FULLY NITRILE COATED** **NITRILE FOAM ON PALM**

Polyester / Nylon knit

- Reinforced knit cuff, scalloped edge
- Excellent grip in oily environments and Abrasion resistance

### **Recommended for these lines of work:**

Oil / Chemical Industry

Machinery Industry

Automotive Related Industry

Cat. II

EN388

4121

## 160 PVC THIN GLOVE

Unsupported 100% PVC unlined glove. Resistant to machine oils and acids. Special hydrocarbon treatment. Non-Powdered "Slip-on" treatment.

## 170

### PVC OIL RESISTANT GLOVE /

Unsupported 100% PVC flock lined glove. Anti-bacterial treatment (interior).

**Recommended for these lines of work :**

*Chemical industry / Alkaline Components  
Chemicals Industry / Solvents  
Petrochemistry*

## 660 / 690

### PVC OIL RESISTANT GLOVE / PVC LONG-SLEEVE OIL RESISTANT GLOVE

Oil resistant glove with PVC sleeve for handling gasoline, petroleum or chemical. Fully coated, extra coating over entire hand. Extended bonded sleeve, elasticated border. Rough finish over entire surface. Excellent abrasion resistance.

**Recommended for these lines of work :**

*Chemical industry / Acid Components  
Chemicals Industry / Solvents  
Petrochemistry  
Fishing and Agriculture*

## 660ESD ESD AND OIL RESISTANT GLOVE

Excellent oil resistant working glove for ESD protection zone.

Anti-static Liner. Surface resistivity  $10^9$  to  $10^{10}$

Resistant to oils, hydrocarbons, vegetable, animal oils, acids, alkalis and chemicals seamless liner. Anti-bacterial treatment (interior)

**Recommended for these lines of work :**

*Chemical industry / Alkaline Components  
Chemicals Industry / Solvents  
Petrochemistry*

## 720

### NITRILE WORKING GLOVE

Nitrile coating with Polyester / Nylon liner. Fully coated, extra coating over entire hand. Scalloped edge. Rough finish over entire surface. Antibacterial and anti-odour treatment.

**Recommended for these lines of work :**

*Chemical industry / Acid Components  
Chemicals Industry / Solvents  
Construction / Painting*

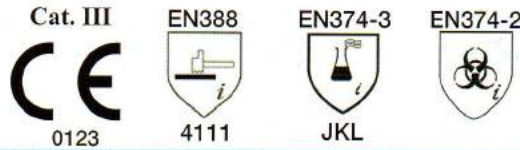

772

### NITRILE LONG SLEEVE GLOVE

Nitrile coating with Cotton / Polyester liner. Fully Coated, extra coating over entire hand. Extended sewn sleeve, elasticated border. Rough finish over entire surface. Antibacterial and anti-odour treatment. Cut and sewn. Eyelet for ventilation and hanging.

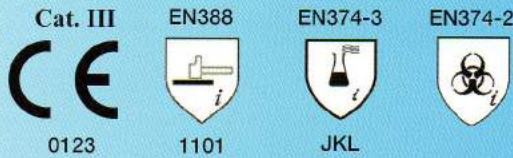

**Recommended for these lines of work :**

Mechanical Industry  
Chemical Industry / Alkaline Components  
Chemical Industry / Solvents

### 730 NITRI-SOLVE

A flexible glove that absorbs perspiration. Protect the hand from oils, hydrocarbons, grease and abrasion, with effective long lasting grip. Impermeable for working in damp or greasy environments. Surface provides better grip. (Thickness from 11mil to 22mil and various length).

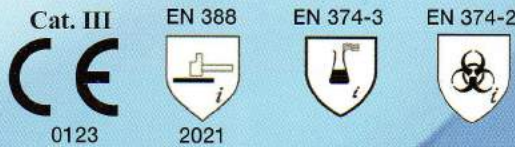

### CHM CHEM MASTER

Unsupported, cotton flock. Neoprene over natural a wider range of chemicals. Impermeable for working in damp or greasy environments. Surface provides good and wet substances can be repelled.

**Recommended for these lines of work :**

Chemical Industry / Acid Components  
Chemical Industry / Solvents  
Petrochemistry  
Public Sector

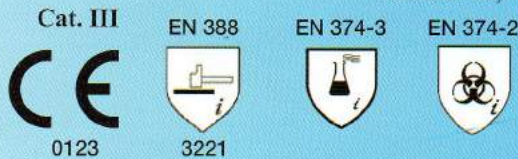

### 6780R NEO GRAB

Neoprene coating with Cotton flannel. A flexible glove that offers great dexterity and with good resistance to tearing. Protects the hand from oils, hydrocarbons, grease and abrasion, with unrivaled, long living grip. Impermeable for working in damp or greasy environments.

**Recommended for these lines of work :**

Chemical Industry / Acid Components  
Petrochemistry

### 6781R INSULATED NEO GRAB

Neoprene foam insulation with Cotton Jersey. A flexible glove that absorbs perspiration, for ultra-comfortable extended wear and with good mechanical resistance. Protects the hand from oils, hydrocarbons, grease and abrasion while insulating against heat and cold. Impermeable for working in damp or greasy environments. Surface provides good grip.

**Recommended for these lines of work :**

Chemical Industry / Acid Components  
Metallurgical Industry  
Petrochemistry  
Automotive

## Nitrile Foam Grip

A light, elastic low-lint glove, resistant to deformation and which keeps its shape longer. Optimal long lasting grip in dry, light oily and oil submersion situations. Breathable back of hand to reduce perspiration

**Recommended for these lines of work:**

Mechanical Industry  
Construction / Finishing Work, Tiling  
Construction / Public Works  
Transport & Logistics

# 370

## Assembly Grip

A light, elastic low-lint glove, resistant to deformation and which keeps its shape longer. Protect the hand from oils, hydrocarbons, grease and abrasion, with effective long lasting grip. Breathable back of hand to reduce perspiration.

**Recommended for these lines of work:**

Mechanical Industry  
Construction / Masonry, fabric  
Construction / Roofing  
Construction / Exterior work  
Construction / Finishing Work, Tiling

# 350R

## Nitrile Grip

Protect the hand from oils, hydrocarbons, grease and abrasion with effective long lasting grip. Surface provides tactile feel and better grip

**Recommended for these lines of work:**

Mechanical Industry  
Construction / Masonry, fabric  
Construction / Roofing  
Construction / Exterior work

# 317 HI-VIZ

## POLYESTER KNIT NATURAL LATEX COATING

Increase safety in poor lighting conditions. Breathable back of hand to reduce perspiration. Surface provides tactile feel and better grip.

**Recommended for these lines of work:**

Construction / Masonry, fabric  
Construction / Roofing  
Construction / Exterior work

# CUT RESISTANT

# GP-KV2R

## Nitrile Aramid Grip

A flexible easy-maintenance glove providing effective protection against cuts and with very good durability. Protect the and from oils, hydrocarbons, grease and abrasion, with effective long lasting grip. Breathable back of hand to reduce perspiration

**Recommended for these lines of work:**

Mechanical Industry  
Metallurgical Industry  
Glass Industry

# 541

## HPPE Palm Plus

A flexible, light glove providing effective protection against cuts and very resistant to abrasion. Protect the hand from oils and abrasion while remaining elastic and breathable. Breathable back of hand to reduce perspiration

**Recommended for these lines of work:**

Mechanical Industry  
Construction / Roofing  
Metallurgical Industry

# S-TEX KV3

## Stainless Steel / Polyester Reinforced Aramid Knit Natural Latex Coating

A flexible easy-maintenance glove providing effective protection against cuts and with very good durability. Protect the hand in damp environments or against aggressive detergents or alcohols. Breathable back of hand to reduce perspiration. Surface provides tactile feel and better grip.

**Recommended for these lines of work:**

Mechanical Industry  
Metallurgical Industry  
Glass Industry
